Agile professionals have long waited for the next step, one that would build on the skills learned during the Certified ScrumMaster certification. Since working as ScrumMaster you likely have realized that there is more to it than what was covered in Certified ScrumMaster (CSM) class. This Advanced Certified ScrumMaster (A-CSM) training explores agile facilitation & coaching skills and how you as ScrumMaster use these to enhance performance and satisfaction in teams. Successful completion of this course grants you skills for these and Advanced Certified ScrumMaster certification.

**Target audience:** Scrum Masters, agile coaches, team leaders, team coaches, team leads, technical managers, technical leads  
Note: to attend the training you need to have at least one year of work experience as a Scrum Master.

**The results of the training:** This advanced-level, very hands-on and fast-paced course is designed to develop your ScrumMaster skills from good to great, to go beyond the basics of the ScrumMaster by providing your skills to:

- Facilitate better dialogue between the Product Owner, Scrum Team members, customers, stakeholders, and executives
- Respond confidently when encountering resistance to change, lack of engagement, low motivation, and unavailability of key people
- Increase engagement to encourage greater accountability, commitment, and buy-in
- Serve better Product Owners to deliver value to customers and users
- Scale Scrum and Agile beyond a single team
